----------------------------	---------------	---------------

FINANCIAL NEED

Information:	Recommendation:
Only has \$4000 to put into building. Without grant it will only be partially done	

COMMENTS AND NOTES

House associated with barn was dismantled by owner after 1990. Fields have grown up. Is this National Register eligible without house and fields. Not enough information on barn itself to determine individual significance.

This file contained 35 mm slides, which have not been scanned.

The slides are on file at the Division for Historic Preservation.

Please contact the Division to view the slides.
